

# DISTRIBUTION

VSE Aviation is an authorized distributor of OEM turbine engine parts and avionics for use by commercial airlines, business, general aviation, government and military operators.

We represent some of the most recognized brands in aviation – often on an exclusive basis – with a focus on offering quality and personalized customer service to ensure your satisfaction.

Our global distribution network includes warehouses in the United States and Singapore. We carry more than 8,000 part numbers and more than 1 million items in stock.
