VSE AVIATION

Formerly VORTEX Aviation

MRO Services

ENGINE DISASSEMBLY

EXPERTS IN CFM56-5B AND CFM56-7B TEARDOWNS

VSE Aviation Services (formerly Vortex Aviation) is an FAA Part 145 MRO facility located in Chicago, IL, specializing in **engine disassembly services for all variants of CFM56-5B and CFM56-7B** engine models.

Our state-of-the-art facility and Certified A&P Mechanics are committed to delivering precision disassembly solutions that meet global quality and OEM standards. We maintain rigorous quality control throughout every stage of the process to ensure compliance and reliability.

In partnership with our subsidiary Kellstrom Aerospace, VSE Aviation Services also offers **consignment and repair management** for removed parts—helping customers **maximize asset value and accelerate monetization**.

SUPPORT & SERVICES

SERVICEABLE MODULES WITH DUAL RELEASE CERTIFICATION

Targeted removal and tagging of serviceable modules with Dual Release FAA 8130-3 / EASA Form 1. Additionally, Brazil ANAC release is available upon request.

DISASSEMBLY & TAGGING

After removing and tagging the serviceable modules, we proceed with disassembling the remaining engine parts as per customer instructions. Each part is meticulously tagged “as removed”.

PACKING & LOGISTICS SUPPORT

Parts are securely wrapped, packaged for crating and shipment with full manifest to meet export regulations. We offer drop ship in accordance with customer requests.

ENGINES SERVICED

All variants of CFM 56-5B / 7B engine models.
